Ask a Librarian - Chat

USA-weiter „Auskunfts-Verbund"

University of California Libraries

~ 24/7 real-time research help ~

Ask A UC Librarian is part of a cooperative service. A librarian from another library may answer your question. Your own librarians will follow up as needed.

Chat with the librarian in the window on the side of the screen.

FAQ | Privacy | UC Library Homepages

Who will I be chatting with?
How do I access online resources when I am not on campus?
Who may use this service?
Why is my name and email address requested?
What kinds of questions do you answer?
How do I prevent disconnects and crashes while using the service?

Mit modernster Technik …

BookDrive Pro

The Ultimate Solution For Mass Digitization.

Scan anything on V cradle up to A2 size

Natively captures flat images. No need for page curvature correction

Can scan as fast as 700 pages per hour

Scan easily without pushing buttons with Auto Capture Switch

Glare-free lighting system produces well, evenly lit images even on high gloss originals

Supports any Canon DSLR camera so the product will never become obsolete - if your needs change or if newer better cameras are introduced just upgrade your cameras while keeping your scanning platform and software package
